

FACT:
**“People Only
Consider
Security After
They’ve Been
Robbed”**

**What would it be like
to sleep well at night,
knowing your
property was safe?**

**Did you know that it takes
less than one minute to
break into most premises?**

In most cases thieves are in and out in approximately 9-13 minutes and if your alarm was monitored a response usually takes 28-38 minutes.

It's been 20 years and there are still people that know little about our service. Our service is simple, yet highly effective. We provide trained property detection/protection dogs that are completely cared for by
